Proposal #8 – Submitted by Riley Pagett, Newberry HS

PROPOSAL PASSED (AS AMENDED)

Restructure the Advisory Council in the following ways:

1. Divide into Color Guard and Percussion/Winds Advisory Councils, which will meet separately. No member may sit on both councils. Composition will be two members from each class.

2. Class champions will no longer automatically sit on their respective Advisory Councils. Rather, they will be automatically nominated for one of their class's positions (and may decline). Any unit representative may also put forward his or her name for a position with the Advisory Council in the appropriate class. Representatives will be elected at the conclusion of the Spring Meeting through CompetitionSuite. In the event of a tie for second place, runoff voting will decide the second representative.

3. The representatives for one class may not be from the same group.

4. One person may not represent multiple classes on the advisory council.

5. No group may have more than one representative sitting on the Color Guard Advisory Council.

6. Upon election at the Spring Meeting, each Advisory Council will meet briefly to appoint a Chair. The Chair of each Advisory Council is entitled to non-voting membership to the CWEA Executive Board. Incumbent members of the Executive Board may not chair an Advisory Council.

7. Should the Winds activity grow sufficiently within CWEA to necessitate a separate Advisory Council, this entity and its corresponding Chairship may be created by vote of the Executive Board at any time.

PROPOSAL PASSED (AS AMENDED)

Change the following wording in Color Guard Classifications

B. Novice Class (NOV) - The Novice Class is designed for the newest ensembles in our activity and is restricted to ensembles, performers and/or staff who are brand new to the activity. Performers in this class will display purely introductory skills with regards to vocabulary, technique and conceptual design. Evaluation for the Novice class will be based on the Regional A criteria. Color Guard units performing in the Novice class are eligible for promotion to the Regional A class. Units may only classify in the Novice class for one season *unless otherwise approved by the CWEA Board of Directors.*

Change wording for Color Guard Classifications

B. Scholastic/Independent Regional A Class (SRA/IRA) - This class is for the beginning performers who are new to the activity but have surpassed the requirements for Novice class. Performers in this class will display introductory and basic skills with regards to vocabulary, technique and conceptual design. This class is intended to encourage and develop the growth of units that are continuing to develop beyond the Novice level. Evaluation will be based on the Regional A criteria.

B. Reviews for possible promotion will be triggered based on a target number for each respective class each week. The final score will NOT be the only criteria used for promotion consideration, but will be used to trigger review. If the trigger number is reached (in 3 out of 5 captions for guard and 2 out of 4 captions for percussion), the unit will be reviewed the following week by the Classifications Committee. The Classifications Committee will review the unit's video from the previous week and make a determination by consensus or majority vote on the determinations for that particular unit. Every effort will be made to have a determination by the respective unit's next scheduled season show. If a determination has not been made by the unit's next scheduled show, they will continue to compete in their current classification until a determination is made. If a unit is promoted, the unit will perform in their same draw order within the new classification.

D. Units in Scholastic A, National A, Scholastic Open, Percussion Scholastic A-Advanced, Percussion Scholastic Open and all Independent units can only be promoted at a WGI Regional and at that time, CWEA will recognize them as such. Member units who competed in the circuit the previous season will automatically be placed in the classification in which they ended the previous season, *with the exception of groups in Scholastic Novice who will automatically be placed in Scholastic Regional A for the next season*. Units will be re-classified if needed after their first show of the season (Premier). Any subsequent promotions throughout the season will be considered as such. A unit can request to be reclassified by communicating such request to the CWEA Director of Events.

Circuit Championships

Proposal #23 – Submitted by Riley Pagett, Newberry HS

PROPOSAL PASSED

Simplify the Championships scoring and awards process so that groups' competitive rounds directly correspond to their awards divisions. Each round will honor first, second, and third place scorers in addition to the overall class champion.

For example, "Charlotte High School" competes in Scholastic AAA in the third round. They score second in their round and fourth overall in the class. Under current awards procedures, the group would receive the "Silver Medal, Gold Division". In the proposed system, they would receive "Silver Medal, Round 3".
