There are 3 areas designated for band warm up. These areas are marked as A, B and C on your map. Your assigned NHHS student ambassadors will assist you in locating that area. Your 30 minute warm up time is specified on the schedule and time will begin 45 min prior to your performance. We will not be enforcing for you to be at the staging gate a full 10 minutes prior to your performance, however, any group responsible for delaying the competition will receive the maximum timing penalty assessed to your final score. It is your responsibility to arrive on time.

Pit sections can use the bus parking lot for warm-up. ONLY PITS MAY PLAY IN THE BUS PARKING LOT!!

Auxiliary units may use any portion of the athletic fields for their warm-up. These are in close proximity to the stadium. If you use a broadcast metronome (i.e.: Dr. Beat) it cannot interfere with the performances in the stadium so please plan accordingly and be courteous.

6. GROUP ESCORTS

Each band will be assigned 1 or 2 student ambassadors who will remain with the group until after returning to the stadium following your competition. They will answer any questions you might have on the day of the performance as well as help to keep a line of communication open between you and our staff. It is your responsibility to keep your eye on the time.

7. FIRST AID

➤ BANDS

- Bands will travel East along Irvine avenue up to the large gate and enter the stadium through this gate just behind the scoreboard.
- Once advised move into position just behind the West goal posts to the field. Please arrive at your designated time in order to be able to be in position.
- BAND will exit the field to the track towards the VISITOR side and exit through the gate at the North side of the track. This is a smaller gate so there may be a bit of a bottleneck for larger bands so please be sure to get the band off of the field and onto the track in the allotted time. The band will exit the stadium through the VISITOR side gate and follow the pathway back to the buses.

➤ PROPS

- Drop any large field props in designated area at the West side of s
- Once advised you may move to the waiting area on track (West

- end of the field) 10 minutes before performance time.
 - When the previous bands' performance is finished, proceed forward and unload equipment.

12. ELECTRICAL POWER

Electrical power is available at the field level on the front of the field near the "50". If we blow a fuse, it is the competitor's responsibility to have a back-up source of electrical power.

13. PERFORMER RE-ENTRY AND SEATING

Performers may re-enter the stadium after their performance through the VISITOR GATE which is the same gate where the bands will exit. All students with white wristbands and parents/chaperones with splatter wristbands may sit in the main grandstand areas designated for bands. As the stadium fills up later in the day and as space permits larger bands may be directed to the visitor side for seating.

14. PERUSAL PERIOD

The 5-minute perusal period will take place during the awards ceremony. At this time, you may check for mathematical errors on the score sheets and recaps. You may then approach the head judge about speaking with an adjudicator.

Thank you and Good Luck!
