Rain Plan for March 21, 2020

As you arrive and go to the Check-in table, you will be greeted by one of our wonderful Band Volunteers and a Memorial Student. They will walk you through the building. You will also have a map that will highlight what hallway you will bring your unit to set up if it is raining before your warm up time. Playing will need to be limited as the hallways are near the warm up area. At this area, you can wipe down equipment. So please bring towels. We will have staff on site to do our best to keep the floors dry.

If you need to bring your unit inside, please go through the designated warm up entry and take a left. All of the hallways are numbered and as stated before, your map will show you which hallway you need to camp out until your warm up or you are able to return to the outside warm up areas. Later groups may be moved into the Choir or Orchestra rooms in the Fine Arts Area. Your guide will show you where to go and how to get back to warm up from this site.

Competition Area

All TCGC contest sites must have a minimum of seventy by one hundred feet (70' x 100') to accommodate a "safety zone" of five (5) feet from any spectator seating. If no spectators are seated on the left and right sides, then the safety zone will be eliminated on the left and right sides of the competition area and can extend to a maximum of 106' x 69'.

The "competition area" at this event measures 96' x 69'. All performing groups must be prepared to perform within that area. Floors (tarps) may not extend into safety zones per rules found in the WGI Adjudication Manual and Rulebook.
