Competition Area

- Performance Floor Dimensions: 100 x 75
- Enter from the side B back/side and exit to the front/side of Side A
- **Vertical Timing Line**
- Front Side Bleacher Rows: 15
- Doors into and out of competition area are standard size and center bar will be removed
- There are no stairs or obstructions within the competition area
- Hallways will be used to store props
- Floor folding is in Auxiliary Gym.

Body/Equipment Warm Up

- Gymnasium will be used for both body and equipment warm up A/B for color guard.
- There are some hoops in the warm up gym that are retracted back.
- Distance from warm up to performance is approx 1 minute

Other Information

- Hallways will be available for homerooms
- No outside food or drinks are allowed into the building. Please support the Event Host.
- We have adjusted our performance entrance and exit locations this year, which also changes our walking routes. Please review the new maps and routes.
- The new routes reduce the distance the teams will carry their props and tarp post performance and should alleviate congestion at the ready line.
- For those familiar with prior shows at Troy Athens High School, we have just swapped the performance entrance and exit points.
- Load and Unload will also be sharing a location this year. Units can unload at any time but if 2 units arrive at same time, earliest performing group takes priority. Props will be placed on north and east walls of aux gym in performance order.
- Unit check in, spectator entry, tarp folding area, warm up area, and performance location remain the same as prior years.
