

2020 Scholastic Eligibility Form Combined Schools

Please upload the completed form to Competition Suite by January 1!

WGI Competing Units: You may submit your completed Scholastic Eligibility Form from WGI to MCGC to fulfill this requirement.

Combined School Requirements: High Schools and home school students within the same district are allowed to combine students but have additional requirements to satisfy scholastic eligibility certification. Each participating high school will need to complete the MCGC provided Scholastic Eligibility Certification form listing all the students that are participating from that school. Home schooled students will need to be included with the high school in which they are zoned. The principal from each high school must sign the form.
