

Which Forms and Information Should I Fill Out?

Registering for the 2026 season is just your first step towards competition! Be sure all of the following are submitted no later than Jan. 1 to remain in good standing and avoid late fees.

All Units

- Update staff information in competition suite with correct names, emails, and phone numbers. We rely on this in the event of an emergency.
- Delete any staff members that are no longer involved

Are you an Independent or Scholastic Unit?

Independent Units

- Proof of Insurance with MCGC listed as “additionally insured”

Scholastic Units

- MCGC Scholastic Eligibility Form signed by your building principal
- If students from multiple schools in your district are participating, all building principals and the superintendent must sign.
- Roster of participants and the schools they attend

Are you competing at any WGI events in 2026?

Yes

Each of your staff members must complete WGI's Participant Protection Program. Once finished, submit your completion form both to MCGC and WGI.

No

Each of your staff members must complete Safesport Training or attend a WGI Participant protection Webinsar. Once finished, submit your completion form to completion suite. Unit directors should save copies of their individual staff's certificates of completion. You may be randomly audited for these at any time.

FAQ

- If we have staff overlap between our WGI Team and our MCGC Team, do they have to complete Safesport and 3P? No, one or the other is sufficient. A form to certify that each staff member has completed an acceptable form of training will be provided for you to fill out.
- If I am a WGI Team, can I just submit the same scholastic form? No, you must complete the MCGC form.
