

Aubrey High School is seeking an energetic and enthusiastic guard instructor to develop and grow the program. The Aubrey Color Guard is a developing unit and we are seeking an individual to build core fundamentals and grow the guard in both quantity and quality. They have had some recent success and were promoted to Scholastic A in NTCA during the 2019 season!

The ideal candidate would be someone that can focus on fundamentals while increasing participation. This candidate would be able to instruct the guard for the school day class period, and at before/after school practices. The instructor would not be required to design the marching show but would be expected to design the indoor show.

Pay is negotiable. All interested applicants should send letters of interest and resume to jason.noyes@yahoo.com.
